**Focus on The Family Endorses *Concepts of Recovery The Journey***

Concepts of Truth International is happy to announce that Focus on The Family has endorsed our abortion recovery curriculum, *Concepts of Recovery The Journey* and can be found on their website and on Amazon.com

*"I have personally reviewed Concepts of Truth International's abortion recovery curriculum Concepts of Recovery: The Journey, and find it to be solid christianly and clinically. This valuable, well-conceptualized and well-written resource no doubt will be a powerful agent of healing, growth, and redemption to many persons hurting from their intensely personal stories of shame and trauma. It expertly yet compassionately addresses the pain and pathos of post-abortion recovery both directly and deeply. I recommend it highly."*

Jared Pingleton, Psy. D  
Director  
Counseling Services  
FocusOnTheFamily.com

Founded in 1998, Concepts of Truth International is a non-profit organization providing the 24/7 International Helpline for Abortion Recovery and Prevention to help callers find healing after abortion by listening, assessing needs, mailing resources, making referrals to local help centers, and providing follow-up as needed. Concepts of Truth International is located in Wynne Arkansas and has satellite offices in Ohio and New Jersey.

*Concepts of Truth Recovery The Journey*, abortion recovery curriculum model was written by the staff of Concepts of Truth International who have experienced the pain of abortion and have healed to help others.

Concepts of Truth International trains and equips leaders in abortion recovery using their curriculum model and brings awareness to the effects of abortion to women, men, families, our nation, and world. The organization offers abortion recovery weekends several times a year for both women and men giving a safe place to go through the grieving process in relation to their abortion experience.
